To Whom It May Concern:

When we needed new, high-quality, professional photographs taken of our property to reflect the many improvements we have made over the past year, we received a stellar recommendation from a well-known local Realtor for Justin Goode with Goode Pics.

From our first interaction to our last, Justin proved to be prompt, accommodating, professional, and highly skilled at his trade. The pictures he took are beautiful and convey all our property's best aspects. The images have already proved highly beneficial for our marketing efforts, and we have received great feedback on them from members & staff alike.

Furthermore, Justin delivered the images in a timely manner and was a pleasure to work with. He went above and beyond to do the best job possible, and his extra effort reflected wonderfully in the finished product.

We plan to use Justin again in the future, and with this recommendation, we hope to encourage you to avail yourself of his services as well.

Sincerely,

A handwritten signature in black ink that reads 'Erin M. Hudson'.
